Open call: Application to SOLAS Scientific Steering Committee

SOLAS is [calling for applications](#) from scientists to serve on its Scientific Steering Committee (SSC) from January 2016. SOLAS is looking for scientific excellence, high level of commitment towards

SOLAS goals but also seeking to achieve a balance of expertise, nationalities, gender and career stages across its SSC. SOLAS encourages suitable and highly motivated scientists to be nominated or apply themselves directly.

The deadline for [applications is 31 July](#)

SOLAS National Networks & Endorsed Projects update

- SOLAS SSC member [VVSS Sarma](#) has been appointed the new national representative to India. We thank former representative Dileep Kumar for his long years of involvement and support towards SOLAS.
- SOLAS Italy has become a strong national network in the SOLAS community and just recently launched its [SOLAS Italy website](#).
- A [SOLAS-France open meeting](#) will be held in Paris on 29 June 2015. The workshop will cover all SOLAS topics within the future new science plan. For further information and to register see the [SOLAS France website](#).
- [Air-SeaLAB: Climate-air pollution interaction in coastal environment](#) is a newly SOLAS endorsed research project funded by CNR. It is an Italia-Ireland bilateral project with the main objective of the joint Lab to study the interactions between air pollution and climate in the coastal environment, with particular focus on aerosol physico-chemical properties, aerosol-cloud interactions and near coastal boundary layer structure and dynamics.

See the [SOLAS website](#) for a complete list of all SOLAS endorsed projects.

IGBP @ AGU 2015

IGBP will hold its [landmark synthesis event](#) at the AGU Fall Meeting (San Francisco, 14-18 December 2015) to celebrate its past and the transition to Future Earth. All of its networks and partners are invited to participate. AGU [abstract submission opening](#) 10 June.
